

## **Analysis of Biology Paper CET 2021**

### **Version B-2**

Paper Analysis done by Mr. Thejesh S 9620704371 - HOD Biology Department - BASE

The following points are observed.

1. All the questions were will within the revised prescribed syllabus by Karnataka PU Board.
2. The paper consists of 15 questions from I PU and 45 from II PU portions in concurrence with the weightage.
3. Options like - “None of the above”, “All of these” and “Both (A) and (B)” are used in many questions.
4. Q. No. 2- The student may get confused between option B or C due to a spelling mistake in the option A
5. Q. No. 19 - Student is expected to choose incorrect statement which is option-D. But in the English version due to incomplete statement in the option B, student may get confused between option D or B. However, the same statement B in the Kannada version is correct.
6. A well prepared student can score about 50-55 Marks in this question paper.
