

NEET – 2021 Paper Review

Physics :

1. No ambiguous questions.
2. Confined to NCERT
3. Tricky compared to 2020.
4. Not much theory questions like CET.

-Prof. Sandeep Kumar Satrasala, HoD.

Chemistry :

1. All questions are from NCERT
2. 20 questions from 1st yr syllabus and 30 questions from 2nd yr syllabus
3. 8 numericals from Physical chemistry were simple and direct
4. 2 questions were asked on graphs
5. An average student can score 130
6. A well-prepared student can score minimum 170, even chance of full scoring also.

-Prof. Soumya Kumari S, HOD

Biology :

1. Biology is restricted to NCERT.
2. No ambiguous questions.
3. One question from Section B is on earthworm which is not part of syllabus.
4. No questions from Neural control and coordination chapter,, Biodiversity chapter.
5. Many questions from the chapters deleted in CBSE, PU.
6. Equal division of questions. 50 from 1st year and 50 from 2nd year.

Prof. Lakshmi Murthy. Program Head, HOD

Student's Testimonial:

1) Bio went pretty good. All NCERT based questions. Level 2 in Zoology had earthworm question but I could attempt rest! Physics was relatively hard. In Physics level 2, I could solve them because similar questions had come for Grand Test. Chem was also good.

-Kshithi T S
19006473, BPC-Rajajinagar

2) Physics was little hard. Chemistry and Biology were good.

-Amrutha M
19025026, RV College

3) The question paper was a little tricky, not as direct as 2020 paper. But I feel I would have done comparatively good

-Ashwimi J
19009706, BPC-Mysore

4) All questions in Physics, Chemistry, Botany and Zoology were good.

-Sathvik C Mouli
17278416, BPC-Rajajinagar
